Aloha

I would like to inform you that the Hawaiian Islands Humpback Whale National Marine Sanctuary is currently seeking interested individuals to fill both primary and alternate non-governmental seats on the Sanctuary Advisory Council. Beginning immediately, we will accept applications for council membership for the following seats: Commercial Shipping, Whale Watching, Ocean Recreation, Business/Commerce, Citizen-at-Large, Conservation, and Tourism. Additionally, for the first time, the sanctuary is seeking to fill primary and alternate seats for Lana`i and Moloka`i Islands Representatives.

The Hawaiian Islands Humpback Whale National Marine Sanctuary Advisory Council was established pursuant to Federal law to ensure continued public participation in the management of the sanctuary.

The council was originally established in March 1996 and has a broad representation consisting of 34 members. The Council represents the coordination link between the Sanctuary and the State and Federal management agencies, Native Hawaiians, user groups, researchers, educators, policy makers, and other various groups that help to focus efforts and attention on the humpback whale and its habitat. Additionally, the sanctuary will be the one of the first sanctuaries in the country to recruit a youth member seat to participate on the advisory council.

The council's role is to provide the sanctuary management with advice on resource protection, research, education and outreach programs. Topics that the council is currently addressing include: ocean acidification, protection of areas of cultural and biological importance, response and rescue efforts for marine animals, vessel-whale collisions, proposed development activities within sanctuary waters, and planning to engage communities and seek public input during the review and revision process for the sanctuary's current management plan. The Council works with the Sanctuary Managers to keep them informed about issues of concern throughout the sanctuary.

The sanctuary is currently accepting applications for primary and alternate seats representing Commercial Shipping, Whale Watching, Ocean Recreation, Business/Commerce, Citizen-at-Large, Conservation, Tourism, and Lana`i and Moloka`i Islands Representatives. Candidates will be selected based on their expertise and experience in relation to the seat for which they are applying, community and professional affiliations, and views regarding the protection and management of marine resources.

Membership Terms:

The Hawaiian Islands Humpback Whale National Marine Sanctuary is currently seeking interested individuals to fill both primary and alternate non-governmental seats on the Sanctuary Advisory Council. Terms for non-governmental members are two years in length and are staggered to establish continuity within the Council (the current Council seats up for reselection were selected in 2005). Governmental members of the Council serve at the discretion of their agency or entity and do not have a term limit.

Members of the Council shall serve without pay but the Sanctuary program will cover travel expenses to and from official Council meetings. The Council shall meet as frequently as necessary, not to exceed once per month but at least once every six months. Applicants should be residents of Hawai`i and must be able to attend meetings as needed.

Application Guidelines:

Applications should provide information regarding the candidate's particular interests, qualifications and experience and address the itemized topics to the best of their abilities. A description has been provided of the general expectations and qualifications for each of the seats:

Commercial Shipping Representative: familiarity and affiliation with commercial shipping businesses in communities near the sanctuary; understanding of the links between local commercial shipping, sanctuary resources, and human activities; and ability and willingness to communicate with key representatives from the commercial shipping industry.

Whale Watching Representative: familiarity and affiliation with the whale watching industry in communities near the sanctuary region; understanding of the links between whale watching, sanctuary resources, and human activities; and the ability and willingness to communicate with key representatives from the whale watching industry.

Ocean Recreation Representative: familiarity and affiliation with the ocean recreation industry in communities near the sanctuary region; understanding of the links between ocean recreation, sanctuary resources, and human activities, and the ability and willingness to communicate with key representatives from the ocean recreation industry.

Business/Commerce Representative: familiarity and affiliation with local businesses in communities near the Sanctuary; understanding of the links between local businesses, Sanctuary resources, and human activities; and ability and willingness to communicate with key representatives from water-dependent and water-associated businesses.

Citizen-At-Large Representative: familiarity with communities near the sanctuary, experience and/or knowledge regarding marine or management and resources protection issues in the sanctuary; experience and/or knowledge regarding public uses and activities in the sanctuary; and freedom to express views and cast votes without consideration of any expectations held by an employer or other organization with which the member is affiliated. Island and community representatives should be willing and able to meet with constituents to discuss sanctuary issues and ideas and be able to report these back to the Council as a whole.

Conservation Representative: familiarity with marine conservation issues and management approaches affecting the sanctuary; experience working with or representing conservation or environmental organizations, especially those involved with marine conservation; ability to communicate effectively with the broader conservation community in the sanctuary region; and commitment and availability of time to chair the Council's Conservation Committee.

Tourism Representative: familiarity and affiliation with the tourism industry in communities near the sanctuary region; understanding of the links between tourism, sanctuary resources, and human activities; and the ability and willingness to communicate with key representatives from the tourism industry.

Island Representative: familiarity with communities near the Sanctuary, experience and/or knowledge regarding marine or management and resource protection issues in the Sanctuary; experience and/or knowledge regarding public uses and activities in the Sanctuary; and freedom to express views and cast votes without consideration of any expectations held by an employer or other organization with which the member is affiliated. Island and community representatives should be willing and able to meet with constituents to discuss Sanctuary issues and ideas and be able to report these back to the Council as a whole.

The Sanctuary Manager, the State Sanctuary Co-manager and a Council Selection Committee will review all completed applications. Of these, a member and an alternate will be chosen, and officially notified of their selection.

*Applications must be received by: **December 1, 2010***

Please send all applications to Council Coordinator, Joseph Paulin at the Hawaiian Islands Humpback Whale National Marine Sanctuary, 6600 Kalanianaʻōle Hwy, Suite 301, Honolulu, HI 96825. Phone: 808-397-2650 x.257 Fax: 808-397-2650

A copy of the sanctuary advisory council application kit, which includes a copy of the charter for the council and an application form, as well as some information about the sanctuary can be found on our website at <http://hawaiihumpbackwhale.noaa.gov>. Council terms will be for 2 years.

We are looking forward to receiving completed applications at our office at the address listed above by December 1, 2010. Applications will be reviewed by a preliminary review panel consisting of council members. The panel will help us narrow down the number of candidates for each seat to the top three. Of these, a member and an alternate will be chosen, and officially notified of their selection.

If you have any questions concerning the council, feel free to contact Joseph Paulin at 808-397-2651 x.257 or via E-Mail: joseph.paulin@noaa.gov
